World Smart Cities Economic Development Commission

27 April 2021

Raimundo Rodulfo

Director of Information Technology and Chief Innovation Officer, City of Coral Gables, FL, USA

Dear Raimundo Rodulfo,

Thank you very much for participating in the virtual grand opening of the World Smart Cities Economic Development Commission as a speaker. The ceremony has been attended by 1276 responsible citizens from 132 countries around the world who recognise that smart cities can be a key index of a country's economic development as well as a tool for achieving it.

On behalf of the Board, I wish to extend my gratitude for your valuable contribution to the Grand Opening Ceremony of the World Smart Cities Economic Development Commission by delivering an excellent presentation. It is a great pleasure for me to present the attached certificate as a token of our appreciation.

Your efforts to convert the world economy to a smart economy in cooperation with the World Business Angels Investment Forum are highly valued.

Yours sincerely,

---

Baybars Altuntas

Executive Chairman, World Business Angels Investment Forum

An affiliated partner of the G20 Global Partnership for Financial Inclusion (GPFI)
